

Think of a time when you felt really welcome. Maybe you were at a friend's house and your friend's family made you feel at home. Maybe you joined a new sports team or after-school club and the members included you right away. Draw or describe that time you felt really welcome.

Pray

Jesus washed the disciples' feet as a way to make them feel welcome in God's house. God's house is not one particular place; it's all the places where people who love God gather. Are there places where you feel especially connected to God? When you imagine God's house, what does it look like to you? Draw or describe your image of God's house. As you work, ask God to help you make everyone feel welcome in God's house.
